

• A Chorus of Leaders •

Students create their own Christmas song about leadership.

The instructions are: 

- Using the tune of a familiar Christmas song (“Jingle Bells,” “Frosty the Snowman,” “Winter Wonderland,” “Deck the Halls,” etc.) create a song about anything you have learned in leadership class. Make sure that the song has the many leadership characteristics that we have discussed.

- You will need to turn in a  Video  of your performance.

- Each person must create and perform his or her own song, but you may recruit others to help you with the performance (back-up singers, musical accompaniment, etc.)
